

All united against an inhumane asylum politics !

The new governmental coalition agreement strips us, refugees, of our rights. It worsens our living conditions in Germany and takes away our fundamental rights :

- It restricts the number of new refugees to 220,000 a year;
- It establishes closed centres for asylum seekers;
- It restricts family reunification for people with subsidiary protection to only 1000 new people a month;
-

For this purpose, we invite everyone to join us on **16 june at 11 am at the «Schule für Erwachsenenbildung (Gneisenastr. 2A ; U6 Mehringdamm)** where we will be holding a workshop aimed at presenting further details about the new governmental measures and at discussing how we can jointly oppose them. **On 20 june, the World Refugee Day, we gather at 5 pm** for a big demonstration in front of the **Bundestag (Platz der Republik 1, U55 Bundestag).**

N.B. : We will cover transport costs and refreshments will be offered!
